OH, MISTER WIND!

O, Mister Wind, if you please—if you please—  
Won't you blow 'til you coax all the leaves to  
the trees?  
Won't you come from the South; won't you  
come in the night;  
With a magical touch that is lazily light,  
That will bring back the leaves 'til they flutter  
and play.  
As they did 'til the time that you blew them  
away?

The Lewis County Grand Jury returned  
twenty-four indictments.

The Ladies' Bazaar Club of the Christian  
Church will meet with Mrs. W. H. Means Sat-  
urday afternoon at 2 o'clock.

Mrs. B. W. Goodman of West Third street  
returned home last evening from a delightful  
visit with her sister at St. Louis.

A good-sized girl was making house to house  
calls yesterday begging money as she said to buy  
medicine for a sick father and mother, both of  
whom, she stated, were very ill. Her manner  
and appearance did not impress housekeepers  
in a favorable way at all.

Prof. J. W. Bradner, Principal of the Ash-  
land High School, has been appointed one of  
the County Examiners for this county. The  
other members of the Board of Examiners are  
Dr. Whitehead of Newport and Prof. Leonard  
of Cynthiana, and they will hold their first  
teachers' examination tomorrow.

Dan Miller, Marshal of Ripley, was here yester-  
day in search of one William Sidwell, who  
lives in a shanty-boat near Eagle Creek, charged  
with having stolen a half-dozen skunk skins  
from a Mr. Armstrong, a resident of near Rip-  
ley. The property was found in this city,  
where he had disposed of it to a junk dealer,  
but the Marshal was too late to grab his man,  
the bird having flown only a short time before  
his arrival.

### TOBACCO CULTURE

In Ohio to Be Increased—Ross  
County the First to Push  
the Plan.

The Xenia, Ohio, Republican has this to say  
of the tobacco situation in Kentucky—  
"Since the tobacco war in Kentucky has  
brought forth a determination on the part of  
the farmers of that state to raise corn instead  
of tobacco this year, there has been a great  
movement among the farmers in this section of  
the country—that is, through Ohio and Indiana  
—to cultivate tobacco.

"Some 50 Ross county farmers have signified  
their intention of trying the experiment this  
year and seeing what they can do with a crop  
of this character."

Mrs. Fleming, wife of Dr. John T. Fleming,  
is quite ill at her home in West Front street.

Hon. E. L. Worthington has been elected to  
succeed the late C. L. Sallee on the Board of  
Directors of Haywood Hospital.

The School Improvement League of the Dover  
District is preparing to put on a play, "The  
Deacon's Courtship," at an early date.

Mr. John Burkes of Barron county has just  
disposed of his crop of tobacco, grown on five  
acres of land, with hired help, for \$942.60. It  
cost him \$200 to make and handle it up to the  
day of the sale, his crop netting him nearly  
\$750.

The Sheriff of Clermont county, O., has called  
out Company K, of the First Regiment, Ohio  
National Guard, on account of rumors that the  
tobacco district of that county was to be in-  
vaded by a band of night riders from Kentucky.  
The company is to be held under arms at Nev-  
ille.

### NIGHT RIDERS

Forcing Many Farmers to Immigrate  
to the Southwest, Says Mr.  
Kinsolving

Lexington Leader.

H. B. Kinsolving of Mt. Sterling, who makes  
a specialty in dealing in Oklahoma lands, was  
in Lexington Tuesday and stated that the  
night riders' depredations in this State were  
causing a number of farmers from the Blue-  
grass to immigrate to the Southwest and that  
there would be more people to go next spring  
than ever before.

Mr. Kinsolving, who is an experienced real  
estate man, said: "If there is no tobacco crop  
grown in Kentucky this year the land in many  
of the counties will decrease \$25 an acre in  
value."

Winchester Dispatches Still Insist  
That American Company Is  
After Equity Tobacco

WINCHESTER, KY., Feb. 27th.—The represen-  
tatives of the American Tobacco Company are  
still here, and negotiations are on for the pur-  
chase of the entire 1906 and 1907 crops of  
pooled tobacco. These negotiations have been  
pending for three days.

H. A. Walker of Louisville represents the  
American Tobacco Company. Another buyer  
for the American has been here, whose identity  
has been kept from the public. He came to  
Winchester in company with S. P. Lee, Sec-  
retary of the Society of Equity for the dark to-  
bacco district. They registered at the hotel as  
"S. P. Lee and friend." They visited the sam-  
ple house and drying plant of the Society of  
Equity here and examined a large number of  
samples. They again visited the Equity sample  
houses today.

The Equity men are jubilant over the situ-  
ation, and are confident that the entire crop  
will soon be disposed of.

WHATEVER may be said against EVELYN NESBIT THAW it cannot be charged to her that she ever picks a poor goose to pluck when she hitches onto a man to enjoy the midnight revels on the great white way in little old New York. STANFORD WHITE burned his money on her and so did HARRY THAW. Now it is circulated that she has a new steady, in the person of E. R. THOMAS (of course he's married) who only boasts of an income of \$150,000 a year. His daily income is \$411. EVELYN can no doubt succeed in having a gay time helping Mr. THOMAS spend his \$411 a day, while HARRY languishes in the Asylum. This young woman appears to be as wise as she is cute.

SO LONG, MARY!

San Francisco Examiner.

"Well, Mary, what are you doing here again," queried Judge Cabaniss of a broken-down looking woman who still showed the sodden effects of debauch.

"Well, Judge, Your Honor," said Mary, as an ecstatic smile illumined her features, "I jess love to be arrested. Sure, Judge, you're all so kind an' the police gentlemen in the prison is so good, an' the Matron she's jess a love, so I couldn't stay away. I was so lonesome, Judge, Your Honor, I jess had to drink to drive away the blues."

Mary was given an opportunity to renew old acquaintances.

**Police Court.**

The proceedings in the Police Court vary from day to day—from pathetic to the ridiculous, from trivial to grave.

Here a student of human nature is afforded an opportunity, rarely found elsewhere, to familiarize himself with the many sided phases and frailties of diversified mankind.

The first case called yesterday morning was that of William Williams, arraigned on an assault and battery charge, the warrant having been sworn to by his 72 year-old father, who's white hairs and feeble limbs were not sufficient to prevent an unnatural son beating him in a most cruel and shocking manner.

Notwithstanding the defendant plead brain storm, accelerated by imbibing too much fighting whisky, he was held to the Mason Circuit Court in the sum of \$200, and in default was committed.

Following came the examining trial of Parks

and Cornelius, the two boys who broke into the C. and O. baggage room. Only a few witnesses were examined, as both have confessed their guilt. They were held to the Grand Jury in the sum of \$300 each and in default were committed.

Both are evidently wayward boys. Parks' father lived here twenty years ago, and is now a resident of Covington; Cornelius' father is dead, and his mother and several brothers live in Covington.

Bernard Rogers, charged with highway robbery, was held over in the sum of \$500 for his appearance at the March term of Court and in default was committed.

There will be an "Old Folks" service at the Christian Church at Germantown in April.

By a majority of over two hundred the citizens of Powell county, in a local option election Wednesday, declared for the elimination of the whisky traffic, and this decision stands for three years.

Riders Force Owner and Landlord to Sign the Pledge

Clarence Bravard started from Aulick, in the Eastern part of Pendleton county, with three loads of tobacco for delivery.

At Brooksville Tuesday night he placed the tobacco in the livery stable of Albert Wells and before it could be removed Wednesday morning about fifty masked men took two of the wagons out and it is supposed they intended to run it down a hill, but the horses stalled before reaching it. By this time Mr. Bravard thought best to sign up.

A tarpaulin belonging to William Frank, who owned one of the wagons, was cut.

The night riders then went quietly to the residence of Robert Jett, whose wife owns the place on which the tobacco was raised, and told Mr. Jett he must sign also. Mr. Jett said he had signed his 1906 crop and had not signed his 1907 because his tenant did not want to, but he was ready and willing to sign.

He did so and then the riders returned to Brooksville and ordered Mr. Bravard to take the tobacco to Mr. Langley's barn about one and a half mile from the town.

The tobacco was intended for delivery at Augusta.

FATHER SMITH DEAD

Began His Study For the Priesthood in This City

The death of Rev. Father James W. Smith, Pastor of St. Patrick's Church, Covington, occurred at 7:30 Wednesday evening.

Father Smith was the first and only Pastor up to the present time of St. Patrick's Church, which was erected in 1871, and he was much beloved by the parishioners to whose spiritual welfare he had devoted the best years of his life.

He was born in Ireland in 1838, and came to the United States in 1850, his first home in America being at New Orleans, whence he came to this city, and began studying for the priesthood. Later he studied for seven years at Emmitsburg, Md., and after graduating took a theological course and went to Covington, where he was ordained by Rt. Rev. Bishop Carroll in 1866. For several years thereafter he was located at St. Mary's Cathedral.

The funeral services will take place Monday at 9:30 o'clock, and the remains will lie in state at St. Patrick's Church, Covington, after 3 p. m. Sunday.

Mrs. John T. Fleming is quite ill with a severe case of grip at her home in West Front street.

Miss Bessie Morgan, who has been sick with typhoid fever for several weeks, was removed yesterday to Hayswood Hospital.

Gordon Boling died at Windsor, Ill., Wednesday, aged 91 years. He was awarded a gold medal for being the oldest native Kentuckian to return for the Kentucky home-coming festival in Louisville in 1906.

DISCHARGING OPERATORS

The C. and O. Cutting Down Expenses Pretty Rapidly

The Chesapeake and Ohio Railway has notified nine telegraph operators, working between Cincinnati and Covington, on the C. and O. Bridge, that they will be discharged March 1. Four days later the National law for a nine-hour workday for railroad telegraph operators becomes effective. The railroads are trying to delay enforcement of the law, because, they say, they cannot hire extra operators.

The operators on the C. and O. have been told they will lose their jobs because the road intends "economizing." The operators will be succeeded by levermen, who will get \$50 or \$55 a month. The operators get \$70 and \$75. The levermen will do no telegraphing, and will not be able to keep account of trains except when in sight.

The C. and O. has dismissed more than 250 operators between Cincinnati and Richmond, Va., and the operators declare the ax will swing on many more in a short time because they are Union men and led in the fight for the nine-hour day.

The C. and O. men secured the eight-hour day five years ago, when the West Virginia Legislature passed an eight-hour law. The road was compelled to give all operators the eight-hour shift to maintain its schedule.

It is said 95% of the road's operators are Union men, and the National Union has been notified of the discharge of the men in Cincinnati and Covington.

Wisconsin Committee has endorsed LaFollette for President.

THE WINDY CITY

Chicago Has Many Bad Spells Coming Her Way

There are twenty-one different ways of mis-spelling Chicago and that most of them are used thousands of times a year is the latest discovery of the Postoffice Department. Some of them are such perfect disguises that they could safely be used as code or figure on a railroad tariff sheet for the benefit of oil trusts and other corporations that might be in on the secret. Yet Uncle Sam's lightning-witted postal clerks manage to decipher them every day and in addition they will tell you in a great many cases the Nationality of the man who wrote the address. Here is the official list of the 21 varieties—

Chicago	Chicago
Chicawgo	Chikkago
Chiggaggo	Chiggogo
Chieaggo	Chirgago
Shechago	Shikkago
Shercago	Shakakko
Schuorkaigo	Paschicago
Stkacaga	Tschakko
Tzschicago	Stktschicago
Schenka'kko	Zoeckakko
Stachago	

Most of the versions are evident attempts to spell the name of the city as it sounds when pronounced and hence should have the official sanction of the Roosevelt Spelling Reform.

Others suggest birth in a moment of inspiration in the recesses of some Polish or Hungarian or Lithuanian brain and are calculated to make a Slovak "hunkie" feel homesick at sight.

As Chicago has a foreign-born population of over half a million persons there are doubtless many other misspellings in current use but these are the principal ones which so far have come to light.

WAREHOUSE

Burned in Franklin County--100,000 Pounds of Independent Tobacco is Burned

FRANKFORT, Ky., February 27th.—The large tobacco warehouse of Head & Switzer at Switzer, seven miles from here, burned to the ground early this morning. It contained about 100,000 pounds of tobacco not in the Equity Society pool. The insurance is said to have been canceled some time ago. The owners are independent tobacco buyers, doing a large business in the Burley District. There is no evidence that the warehouse was burned by night riders. The fire may have been caused by a defective stove.

HOPKINSVILLE, Ky., February 27th.—Night riders early this morning set fire to the residence of Broussais Gregory, one mile West of Hopkinsville, and fired guns into the bedroom in which Mr. Gregory, his wife and baby were sleeping. Mrs. Gregory was shot at as she telephoned into town, but was not wounded. The residence was burned to the ground. A detail of Middlesboro troops on guard here under Major Albrecht hastened to the scene, but the night riders had disappeared. The band left a note accusing Gregory of violating his pledge to the association. The raid was made in defiance of the Grand Jury empaneled this week and specially charged to investigate alleged night rider lawlessness.

A band of night riders, composed of about twenty-five masked men, supposed to be from Nicholas county, made a raid through Robertson county. The men traveled over the Bluelick and Piqua turnpike to Piqua, where it is said they fired several shots into Curtis Bros.' store, Estil Curtis, a member of the firm, having recently bought several crops of non-Equity tobacco.

Before leaving Piqua the raiders cut the telephone wires between that point and Mt. Olivet and then went on through Mt. Olivet.

After cutting the telephone wires between Mt. Olivet and Sardis, the mob proceeded out the Sardis pike about one mile, where a wagon loaded with tobacco was standing on the road,

CURED TO STAY CURED.

How a Mayesville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys—Be cured to stay cured. Doan's Kidney Pills make lasting cures. Mayesville people testify. Here's one case of it.

A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Mayesville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when he told the Mayesville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I cured at J. Jas. Wood & Son's Drugstore, today than I did in my former testimony because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above testimony one who may inquire."

For sale by all dealers. Price 50 cents a box. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## A REGULAR CIRCUS Every Time Children Had to Take Cod Liver Oil

We have all seen or experienced it—they had to be bribed—their noses held, and some sweets ready as soon as it was swallowed, and even the grown-ups demanded preserves, lemon or coffee in which to take cod liver oil.

That was years ago before two eminent French chemists, Margues and Gautier, discovered how to separate the medicinal and curative elements of the cod's liver from the useless, nauseating oil and produced Vinol.

Vinol is not a patent medicine, but a real cod liver preparation, containing in a highly concentrated form all of the body-building, strength-creating and curative elements of cod liver oil actually taken from fresh cod's livers, with all the useless oil eliminated and peptonate of iron added. It is delicious to take and children love it.

We ask every mother in Maysville who has a weak, delicate or ailing child, every run-down, debilitated or aged person, and every person suffering from pulmonary troubles to try Vinol on our offer to return money if it fails to give satisfaction.

The Greenwood was the Charleston packet last night.

The Virginia is scheduled to pass up tomorrow night for Pittsburgh.

Pittsburgh rivermen are expecting another rise in the rivers within the next few days. There is plenty of loaded craft on hand and another coal shipment will be made.

At Washington this week Secretary Taft heard argument for and against the order of the Government that the eight bridges crossing the Allegheny river at Pittsburgh be raised in the interest of navigation of the river.

Pilot James Martin has been appointed Captain of the Greene Line steamer Courier in the Maysville trade. Captain Leslie Hill, having received his commission as mate on the Government steamer Golden Rod, in the Fourteenth Lighthouse District, will report for duty in a few days.

A packet company with a capitalization of \$60,000 has been organized by prominent rivermen in Marietta, and was chartered at Charleston under the laws of West Virginia. The company will be known as the Ohio and Kanawha Packet Company. The company will enter the Pittsburgh-Charleston trade and will immediately take over the steamers Kanawha and Avalon.

The readers of this paper will be pleased to learn that there is at least one druggist in this section who has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
